

In the United States Court of Federal Claims
OFFICE OF SPECIAL MASTERS
No. 22-1683V

CORRINE JEFFERSON,

Petitioner,

v.

SECRETARY OF HEALTH AND
HUMAN SERVICES,

Respondent.

Chief Special Master Corcoran

Filed: April 23, 2024

*Nicholas Edward Bunch, White Getgey & Meyer Co., LPA, Cincinnati, OH, for
Petitioner.*

Katherine Edwards, U.S. Department of Justice, Washington, DC, for Respondent.

RULING ON ENTITLEMENT¹

On November 15, 2022, Corrine Jefferson filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered Guillain-Barré syndrome (“GBS”) as a result of an influenza (“flu”) vaccine she received on December 12, 2019 (a “Table injury”). Petition at 1. Petitioner further alleges that she received her vaccination in the United States, that she suffered the residual effects of her injury for more than six months, and that there has been no prior award or settlement of a civil action on her behalf as a result of her injury. See Petition at ¶¶ 2, 24-27. The case was assigned to the Special Processing Unit of the Office of Special Masters.

¹ Because this Ruling contains a reasoned explanation for the action taken in this case, it must be made publicly accessible and will be posted on the United States Court of Federal Claims' website, and/or at <https://www.govinfo.gov/app/collection/uscourts/national/cofc>, in accordance with the E-Government Act of 2002. 44 U.S.C. § 3501 note (2018) (Federal Management and Promotion of Electronic Government Services). **This means the Ruling will be available to anyone with access to the internet.** In accordance with Vaccine Rule 18(b), Petitioner has 14 days to identify and move to redact medical or other information, the disclosure of which would constitute an unwarranted invasion of privacy. If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all section references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2018).

On April 22, 2024, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent states that

[m]edical personnel at the Division of Injury Compensation Programs, Department of Health and Human Services (DICP), have reviewed the petition and medical records filed in the case. It is [R]espondent's position that [P]etitioner has satisfied the criteria set forth in the Vaccine Injury Table (Table) and the Qualifications and Aids to Interpretation (QAI), which afford petitioner a presumption of causation if the onset of GBS occurs between three and forty-two days after a seasonal flu vaccination and there is no apparent alternative cause.

Id. at 9 (citing 42 C.F.R. § 100.3 (a)(XIV)(D), (c)(15)).

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
